### (54) TAPE AND LABEL FOR LABEL WRITER

(57) Abstract:

#### PROBLEM TO BE SOLVED:

To provide a tape for a label writer adapted to an ink jet system and excellent in environment resistance or strength such as scratch resistance, water resistance or weatherability and having storage stability preventing fading over a long time and keeping high image quality.

**SOLUTION:** This tape for a label writer is obtained by providing a boehmite-containing ink receiving layer on a base material and further providing a porous layer containing thermal polymer particles and glass particles or glass fibers thereon.
